Dedication

Because of her love and devotion to the cause of Christ and to young people . . . because of her faithful service to Madison Academy . . . we proudly dedicate this "Oracle" of 1962 to Mrs. Pauline Jenkins, our faithful teacher and friend.

As all good things must come to an end, so must
our days at Madison Academy.

It is the sincere wish of the annual staff that this
yearbook may serve as a treasured reminder to each of
you throughout the coming years.

Sincerely,

Charlotte Albright

Principal's Message

"... and be thou a blessing." So said God to Abraham nearly 4000 years ago. This is my wish for you.

To be a blessing one must seek not his own, but each his brother's good; one must not place prime value upon things fleshly and temporal; one must exercise a spirit of kindness, forgiveness, love, and good will even in the face of malice and hatred; humble obedience to God and unselfish service to mankind must be one's chief concern.

As our ways part, some never to meet again, let my parting words be "... be thou a blessing."

Class Prophecy

It is the year 1972. I had just finished delivering a series of lectures on the "Psychological Causes of Idiosyncrasy and Traumatic Neurosis of Living in Space," at the forward outpost on the moon. Suddenly I remembered that the '62 graduating class of Madison Academy was having its tenth reunion. As I hurried aboard the X-15 Nova Spaceship for the return trip, I happened to meet Winford Penna, who had just completed an engineering feat of transporting green cheese to earth. As we reached the space terminal on earth, who should we meet but the prima donna of the opera world, Betty Lindsey. Betty has successfully combined a singing career with being dietitian for the food concern of Sloppy Joe's Space Delicatessen.

As we boarded the jet train for Huntsville, we were joined by several other grads. Among those were Charlotte Hardeman, the personal nurse of Dr. Ben Casey; Jackie Sanders, who is now living in New York; and Bettie Singleton, the private secretary of Dr. Phil Sumrall, who has replaced Dr. Werner von Braun. Also on the train, were Mary Ann Fisher, Judy McBride, and Sandra Hamilton; but we did not get to talk with them very much because they were busy chasing down all their children.

When we arrived in Huntsville, we were greeted at the station by Linda Lowe, secretary for the reunion, and Gayle Ashworth, who had just won the title of "Miss Space Age."

On our way to school, we passed the beauty shop of Cheryl Russell and Carole Haven. I understand they specialize in aerodynamic permanents.

The first one to greet us at the school was Dianne Crane, who had graciously left her household chores to be promotional director for the reunion. Also scurrying about was Charlotte Albright, the editor of "Circus Universe," a magazine about the Sarasota Spaceketeers, a circus which is managed by her husband.

The last one to arrive was Tim Williams. He had just signed a contract to take over the Jack Paar show as comedian.

As I left for my next lecture, I realized that the reunion had been a wonderful occasion.

A black and white photograph of a tropical beach scene. In the foreground, a large globe sits on a decorative stand, partially obscuring the view. The globe is positioned on the right side of the frame. In the background, a sandy beach stretches across the middle ground, with several people walking or sitting. Beyond the beach is a calm body of water, and in the distance, a large, forested mountain or island rises against a light sky. The top of the image shows the fronds of palm trees hanging down. The word "ACTIVITIES" is written in a stylized, italicized font across the middle of the image, overlaid on a white rectangular background.

President Athens Clay Pullias Announces
DAVID LIPSCOMB COLLEGE
Works for "A Better—Not a Larger Lipscomb"

These buildings are the very heart of Lipscomb. At the top left is the Chapel where daily chapel services are held as well as Lipscomb Artist Series and other traditional programs. Joining it in the rear and extending to the right is College Hall, the administration building. Here are main offices, class rooms, post office, book store and student center.

LIPSCOMB proposes to work toward the goal of placing "the best possible student under the best possible teacher in the best possible teaching situation." This is your guarantee of a superior academic program, along with the finest Christian training. The wide variety of course offerings includes more than twenty major programs leading to the B.A. or B.S. degree, as well as pre-professional preparation for law, medicine, engineering, pharmacy, dentistry, nursing, journalism, and other professions.

Of course you know that Lipscomb students all major in Bible, regardless of their academic major, since every student studies the Bible every day; that every teacher is a faithful Christian; that more than ninety-five per cent of Lipscomb students are members of the Lord's church; that daily chapel services and other opportunities are provided for worship and Christian training; and that one of Lipscomb's highest goals is to train future elders, deacons, preachers, teachers, song leaders, and their wives, for dedicated service to the church.

WHY WAIT TILL FALL?

"A Better—Not a Larger Lipscomb," means expansion of the summer program, with a full-fledged summer freshman class, as well as excellent opportunities for sophomores, juniors, and seniors to complete a full quarter of work toward graduation. Summer class and student body officers, extracurricular activities, newspaper, and a regular summer commencement program are also included. Write today for full information—opening date is June 18.

"A Better—Not a Larger Lipscomb," means that enrollment must be limited to approximately 1400 students in the four college classes. A month before the 1961 fall session opened, more than 100 men and women were waiting for last-minute cancellations to open places for them in the dormitories. You may send your room reservation deposit of \$10 immediately. It will be refunded up to July 31, 1962, if for any reason you do not enroll; or it will be credited to your account.

Keep Going!

Christian education is a great blessing. Some have the opportunity early in life; others have to wait until college. Some even shun it all of their lives.

But we who are a part of Christian education and know its fruits can confidently say that it is never too early to begin but always too early to quit building upon our Christ-centered education.

You have made a good start, so we suggest that you add to your sound education at Harding. Fully accredited by North Central for bachelor's degrees with 34 majors in 17 departments, Harding also offers master's degrees in education and in Bible, plus pre-professional training in highly specialized fields.

We'd like to tell you more, so write us, or plan a visit soon.

Compliments of:

OUR THANKS

Our sincere thanks to our parents, those of the faculty and business firms who have made this edition of the "Oracle" possible.

In Appreciation

Because of his guidance and "helping hand," for the past two years, we have grown to love and respect Brother Samples as a teacher and friend.

As a teacher, he keeps boredom away from his classes with a little chuckle . . . an expansive gesture . . . an inexhaustible supply of funny, meaningful stories. As a friend, he has taught us to enjoy the lesser things in life.

In gratitude we dedicate this page to him.

FINISHED AT LAST!!!
